

Brand New pricing, with consistent quality

"Elevate Your Analytical Work with Premium Gradient-Grade Acetonitrile and Methanol."

Why Choose our Gradient-Grade Solvents?

- **High Purity:** Complies with LiChrosolv® Reag. Ph Eur standards for reliable results.
- **Consistent Quality:** Rigorously tested to ensure batch-to-batch reliability.

Product code	Product Name
1.00030.4000	Acetonitrile gradient grade, LiChrosolv® Reag. Ph Eur.
1.06007.4000	Methanol gradient grade, LiChrosolv® Reag. Ph Eur.
34851-2.5L	Acetonitrile ≥99.9%, gradient grade, suitable for HPLC
34863-2.5L	2-Propanol, 99.9%, suitable for HPLC

● In purple, legacy Merck ● In Magenta, legacy Sigma Aldrich
